Dear Earthsongs,

On behalf of the Orpheus Male Chorus of Phoenix, I am requesting a synchronization licence for "Ukuthula", Earthsongs # S-370 by Andre van der Merwe. Copyright 2011, Andre van der Merwe.

This is for a previously recorded song to be posted for viewing on YouTube, Facebook, etc.

In these times of Covid, Orpheus wishes to include "Ukuthula" as part of a free online concert for our friends, family, patrons, donors, and general audience. This is a non-monetized virtual concert.

The earthsongs website is unclear as to how to apply for a synchronization license (as opposed to a mechanical license).

Please advise how to proceed with this request.

Thank you and ...

--

Regards,

Frank D. McPeek

We charge no fee for streaming or posting to your website or YouTube as long as you are not charging or selling DVDs or CDs of the event.

As long as you have purchased copies of the music for every singer, we have no problem with your use of the piece. If you have not purchased copies for all singers and the conductor, you must do so before you have permission to post your performance.

Thank you for checking.
